- Madrasa Management
- FMB Daily Menu
- Umoor Sehat — Medical Camp
- Admin Dashboard

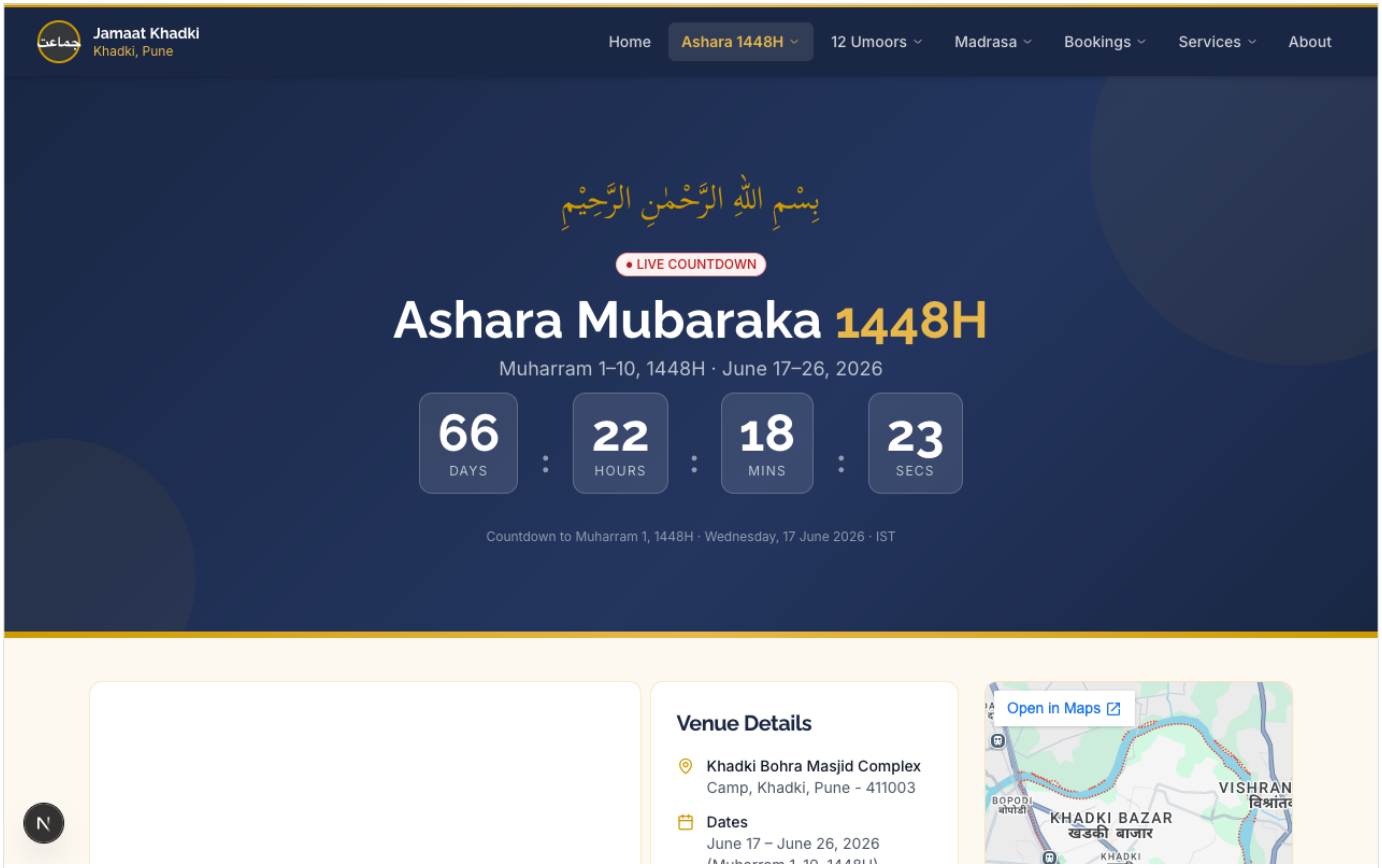
Generated 11 April 2026 · Dawat-e-Hadiyah | Jamaat Khadki, Pune

Home Page — Ashara 1448H Countdown

The portal home page features a live countdown to Ashara Muharram 1448H (June 17, 2026, Khadki). A Bismillah header, gold/navy design, and the main navigation are shown. The countdown updates in real time.

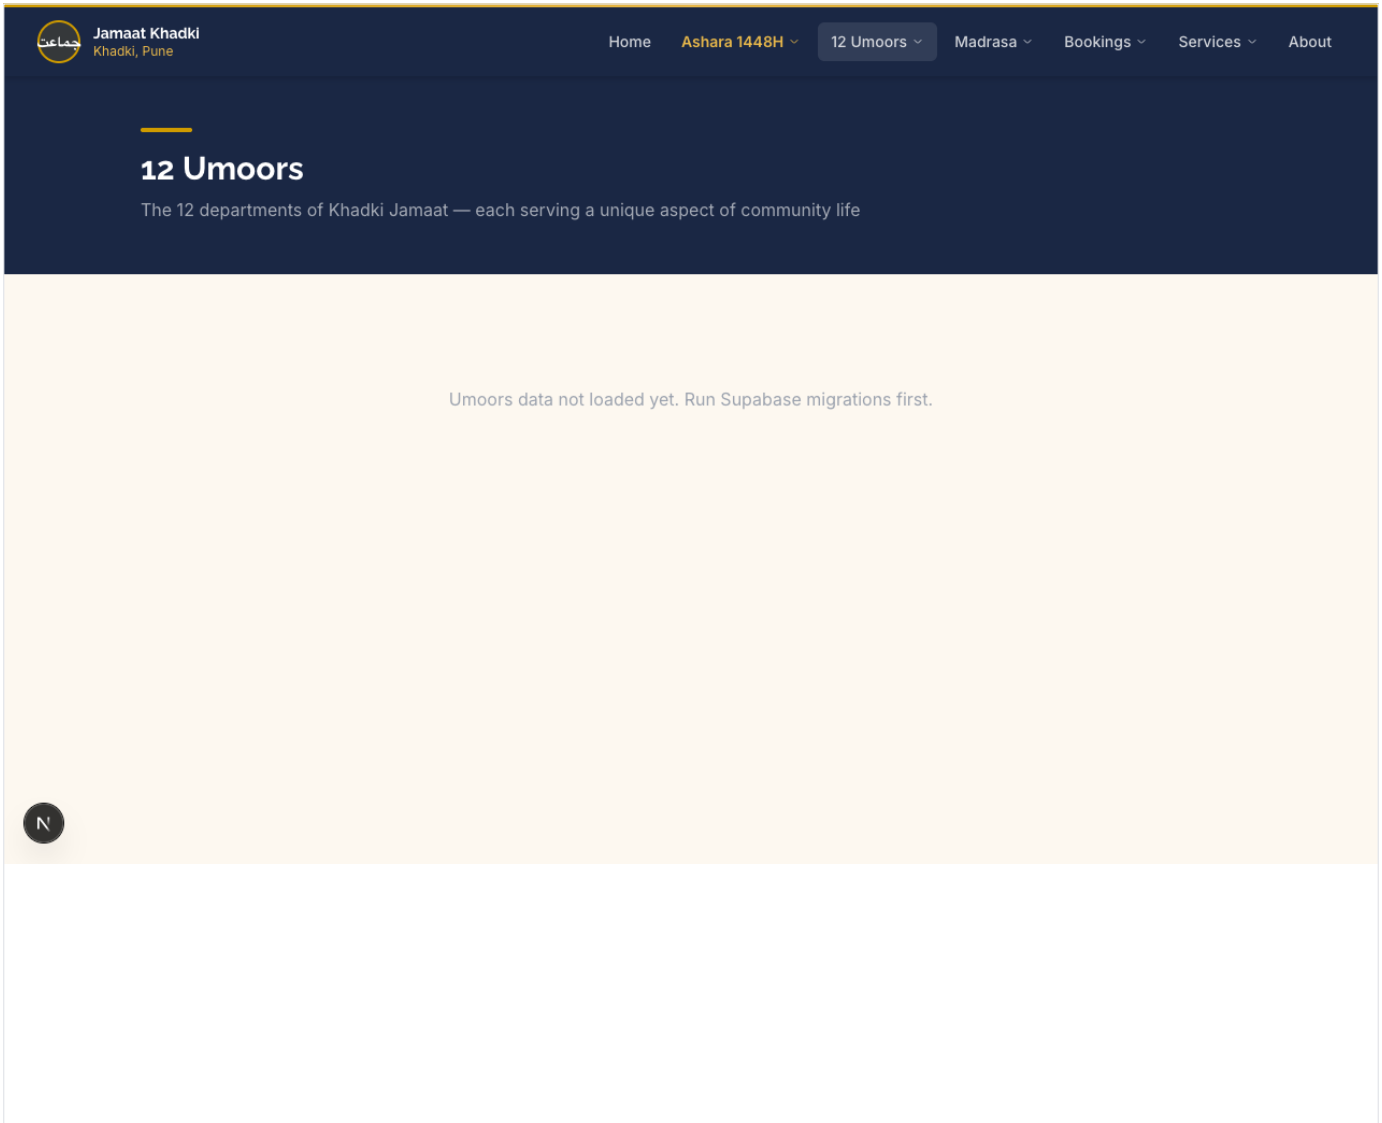
Ashara 1448H Portal

The Ashara portal has 5 tabs: Countdown & Info, Day Schedule, Live Updates, Preparations, and Gallery. Mumeeneen can see waaz timings, namaaz times, accommodation info, and travel guidance.



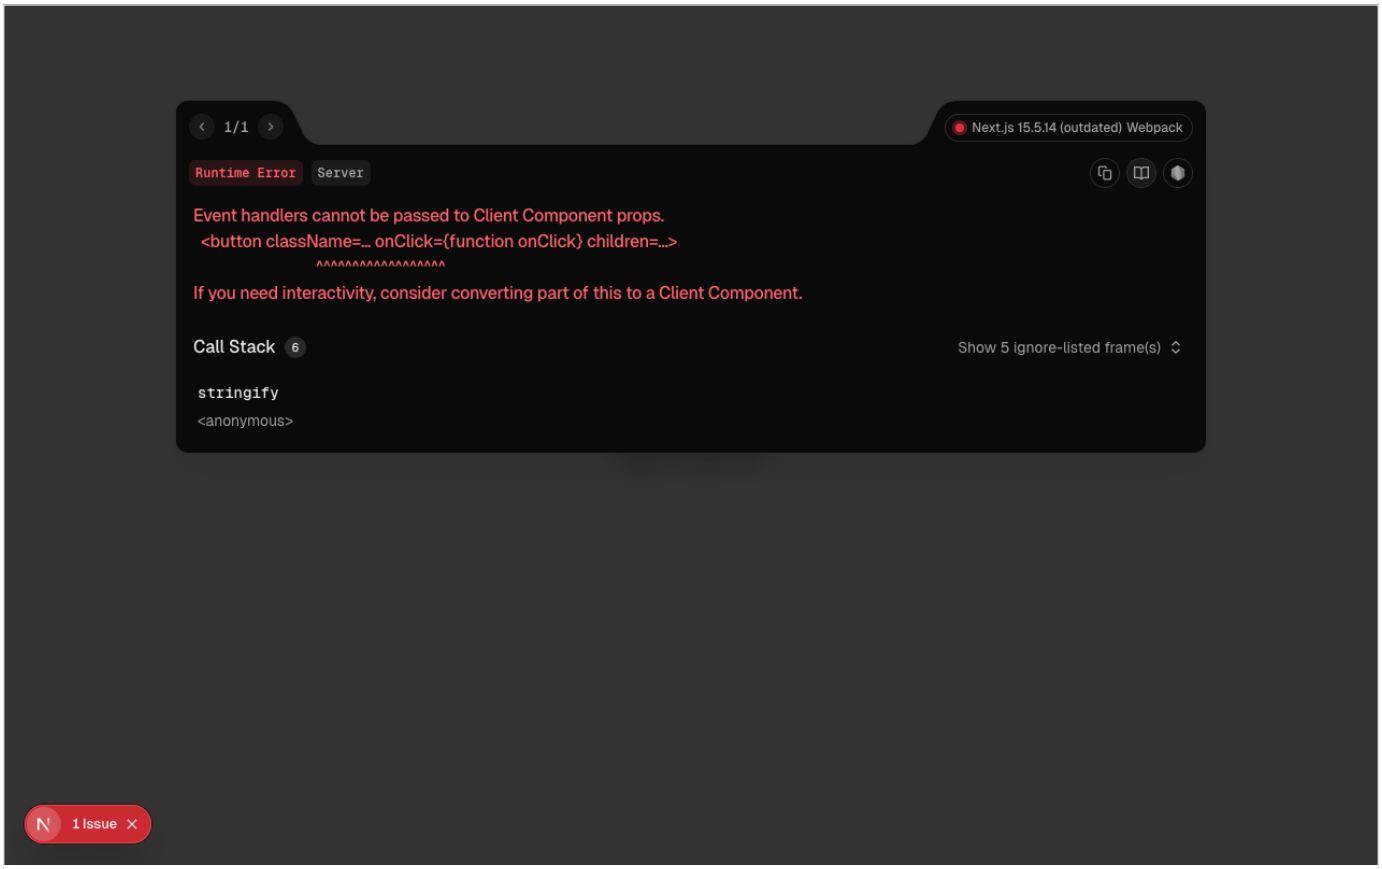
12 Umoors — Departments Directory

All 12 Umoors (departments) of Khadki Jamaat are listed in a grid: Talim, Taharat, Tijarat, Sehhat, Imarat, Iftitah, Alam, Bustan, Khidmat, Nizam, Deeni Talim, and Khawateen. Each card shows the umoor name and description.



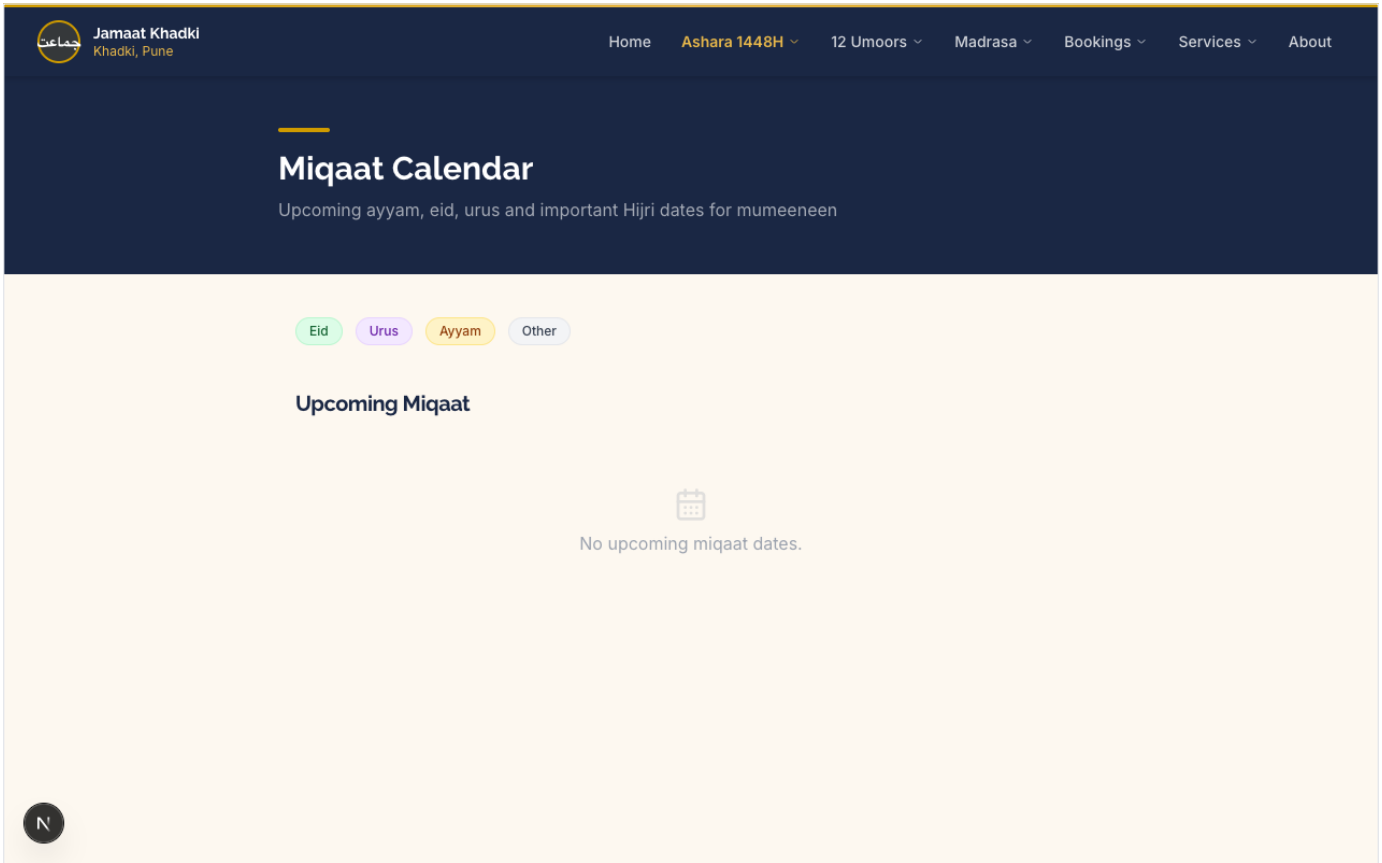
FMB Daily Menu

The FMB (Faiz ul Mawaid il Burhaniyah) page displays the daily Sehri and Iftar menu posted by the admin. Mumeeneen can view today's menu at a glance.



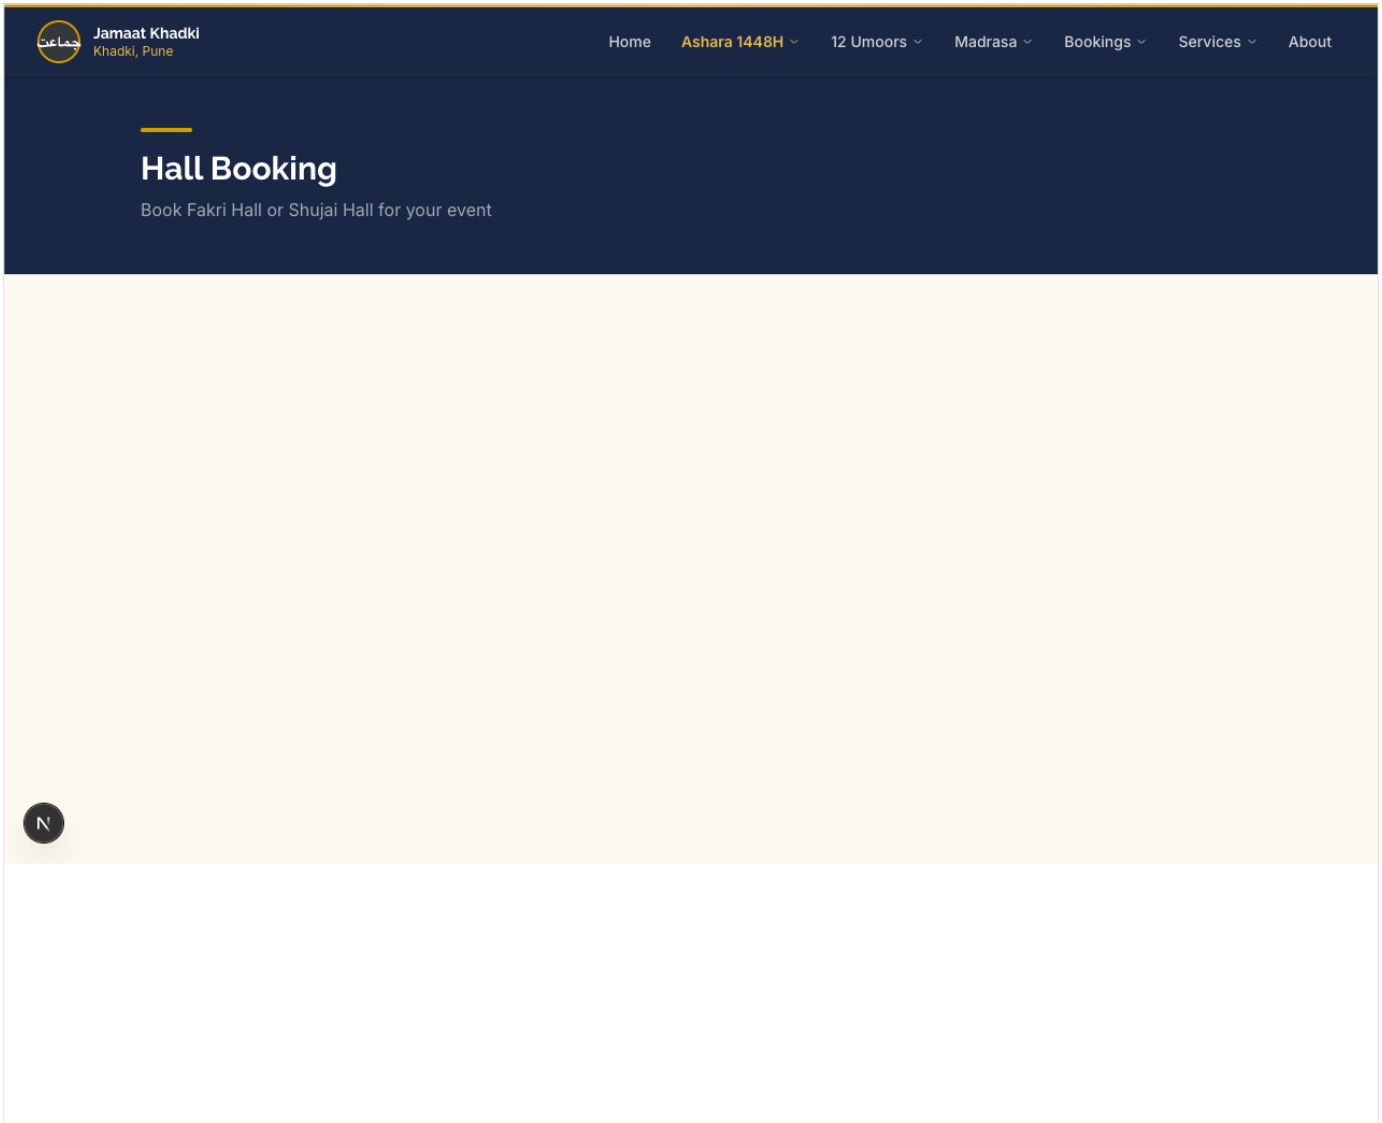
Miqaat Calendar

The Miqaat calendar shows upcoming religious dates and events for the Dawoodi Bohra community in Khadki. Dates are displayed with Hijri and Gregorian calendar equivalents.



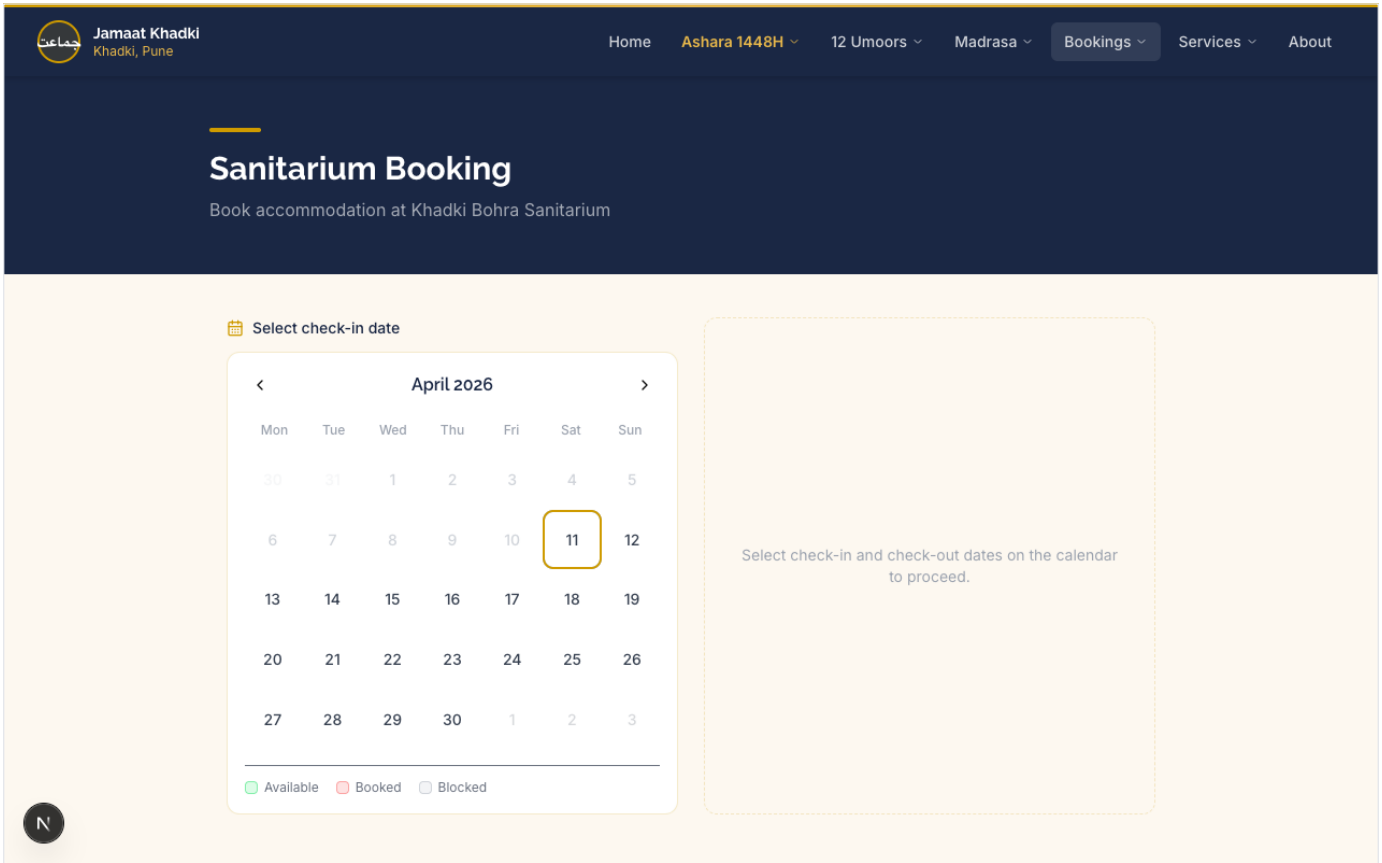
Hall & Sanitarium Bookings

Community members can request bookings for Fakri Hall (200 capacity), Shujai Hall (120 capacity), and the Khadki Bohra Sanitarium. No login required — fill the form and a reference number is generated.



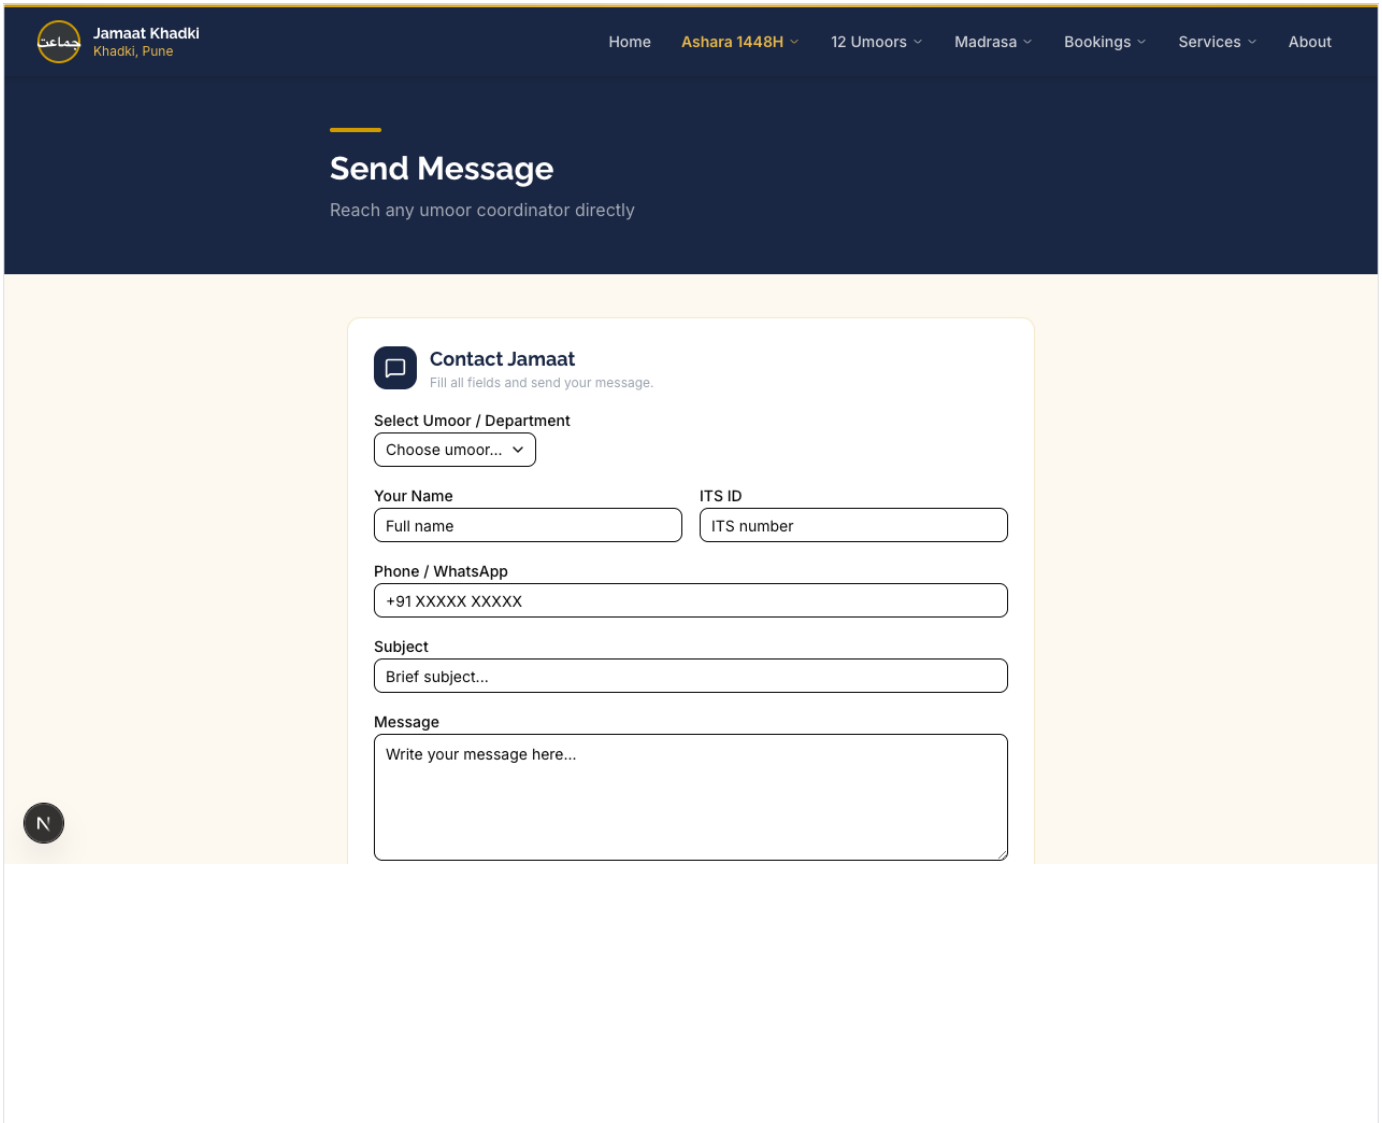
Sanitarium Booking

The sanitarium booking page allows mumeeneen to book rooms at the Khadki Bohra Sanitarium for Ashara and other occasions. The system prevents double-bookings automatically.



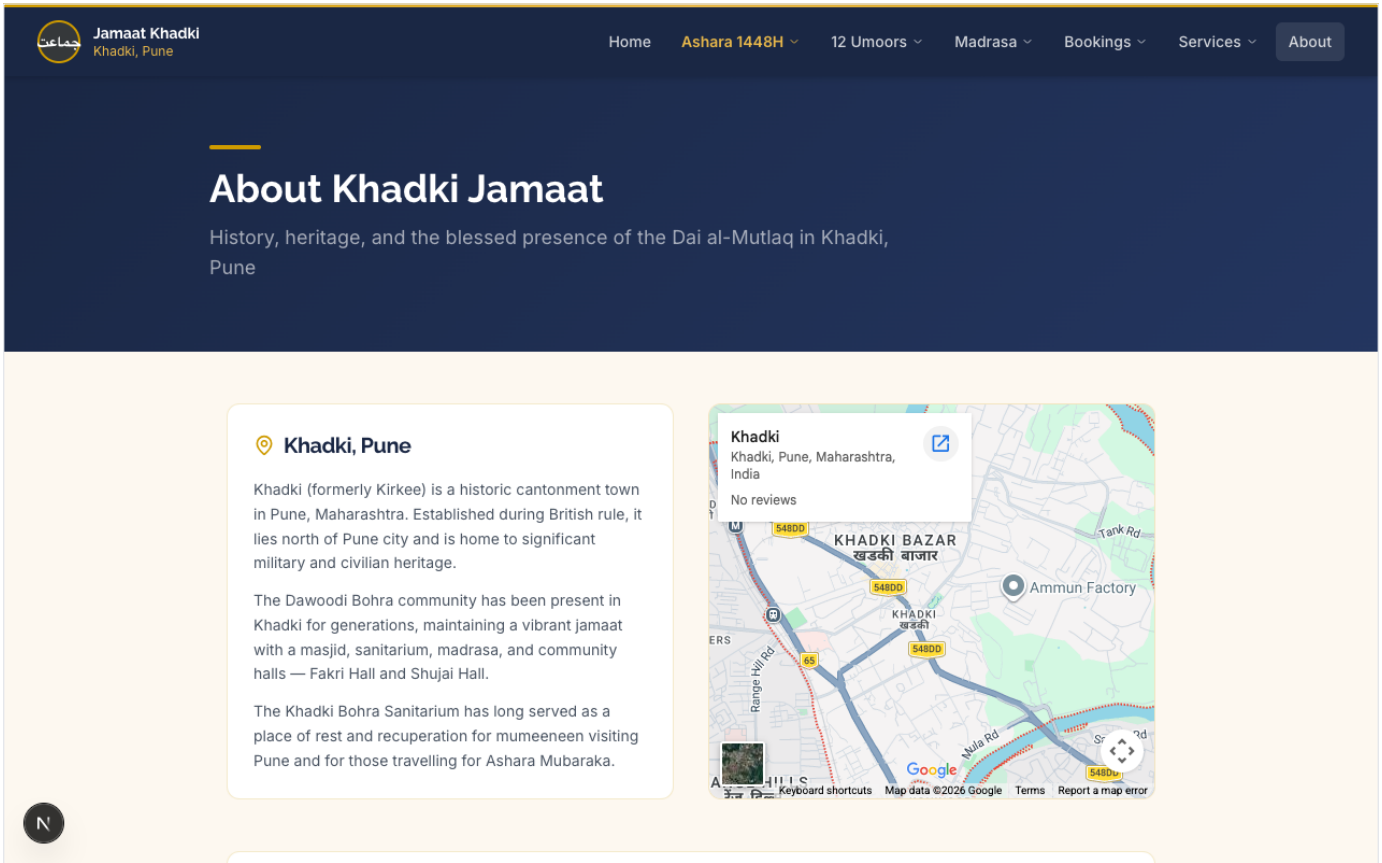
Send Message to Umoor

Community members can send messages directly to any of the 12 Umoors. Messages are rate-limited to 3 per ITS ID per hour to prevent spam.



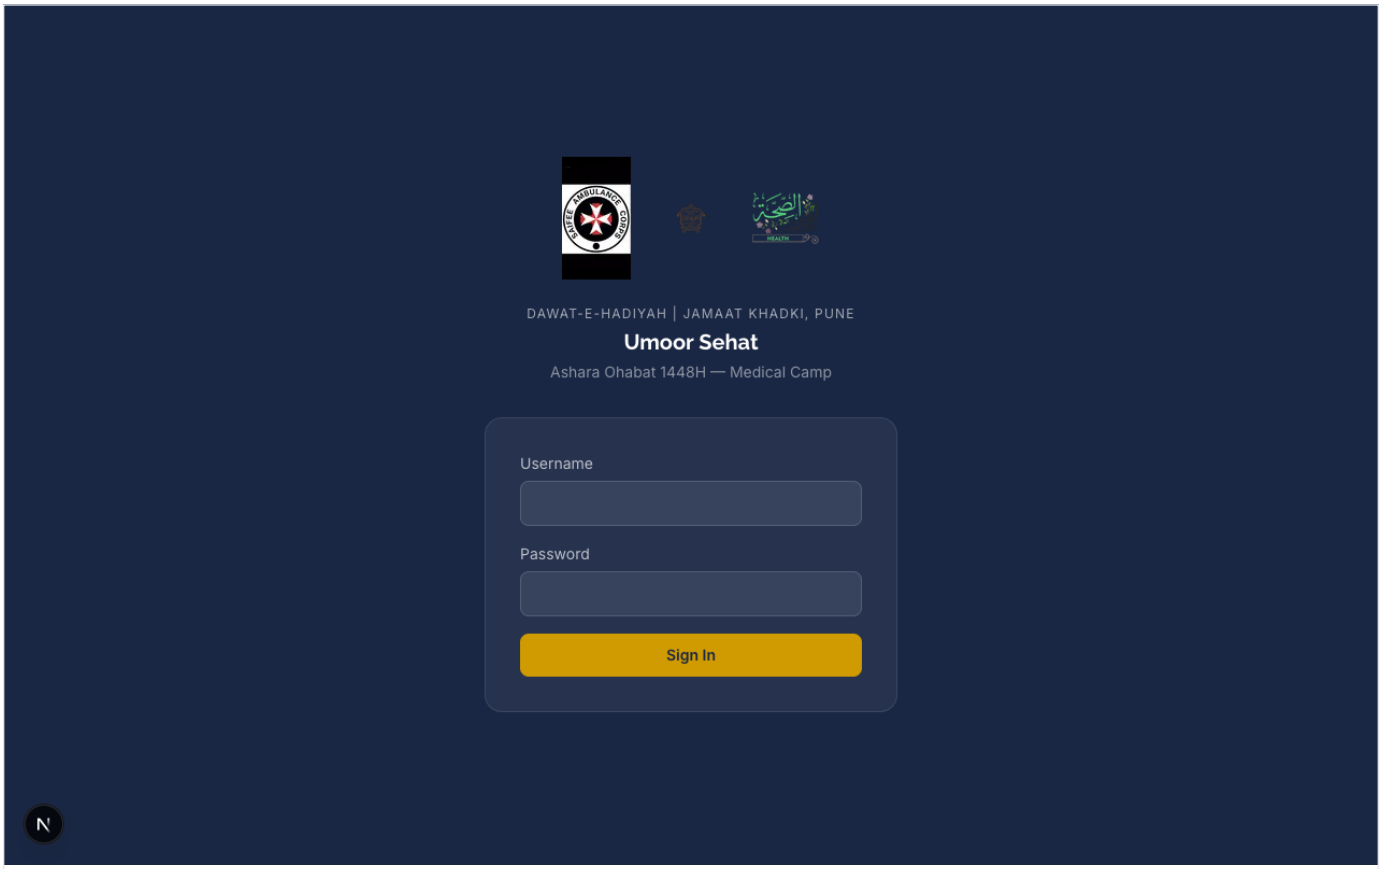
About — History & Syedna Visits

The About page documents the history of Khadki Jamaat, notable milestones, and a timeline of visits by Syedna (TUS) to Khadki.



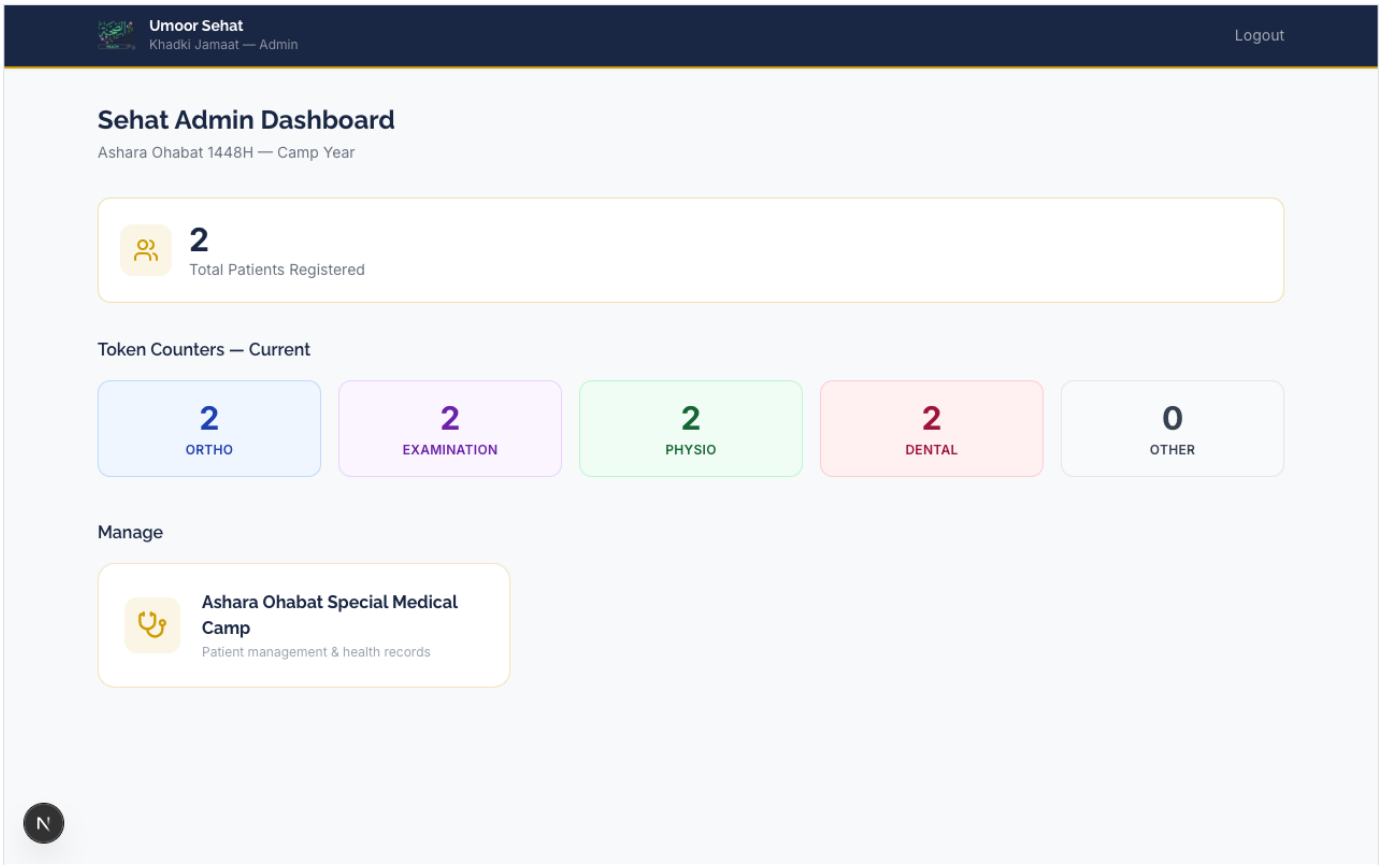
Sehat Admin Login

Umoor Sehat has a standalone login page separate from the main portal. Login credentials: Username: admin | Password: admin. The page features all 3 official logos (Dawat, Khadki Mauze, Sehat) in the letterhead.



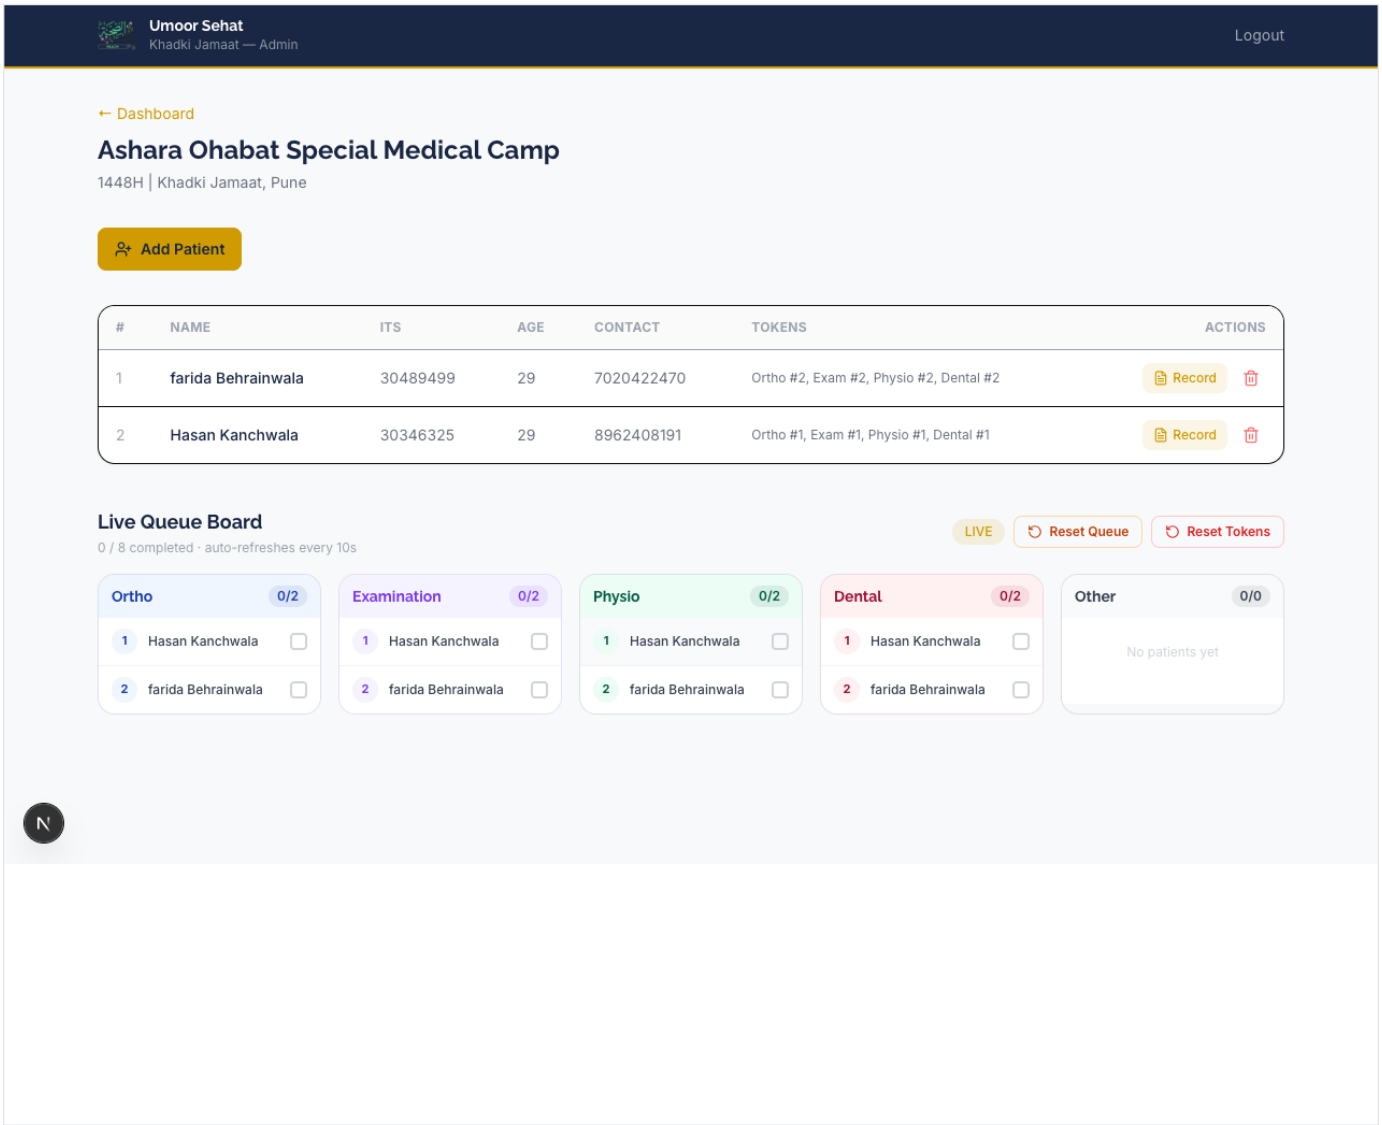
Sehat Admin Dashboard — Token Counters

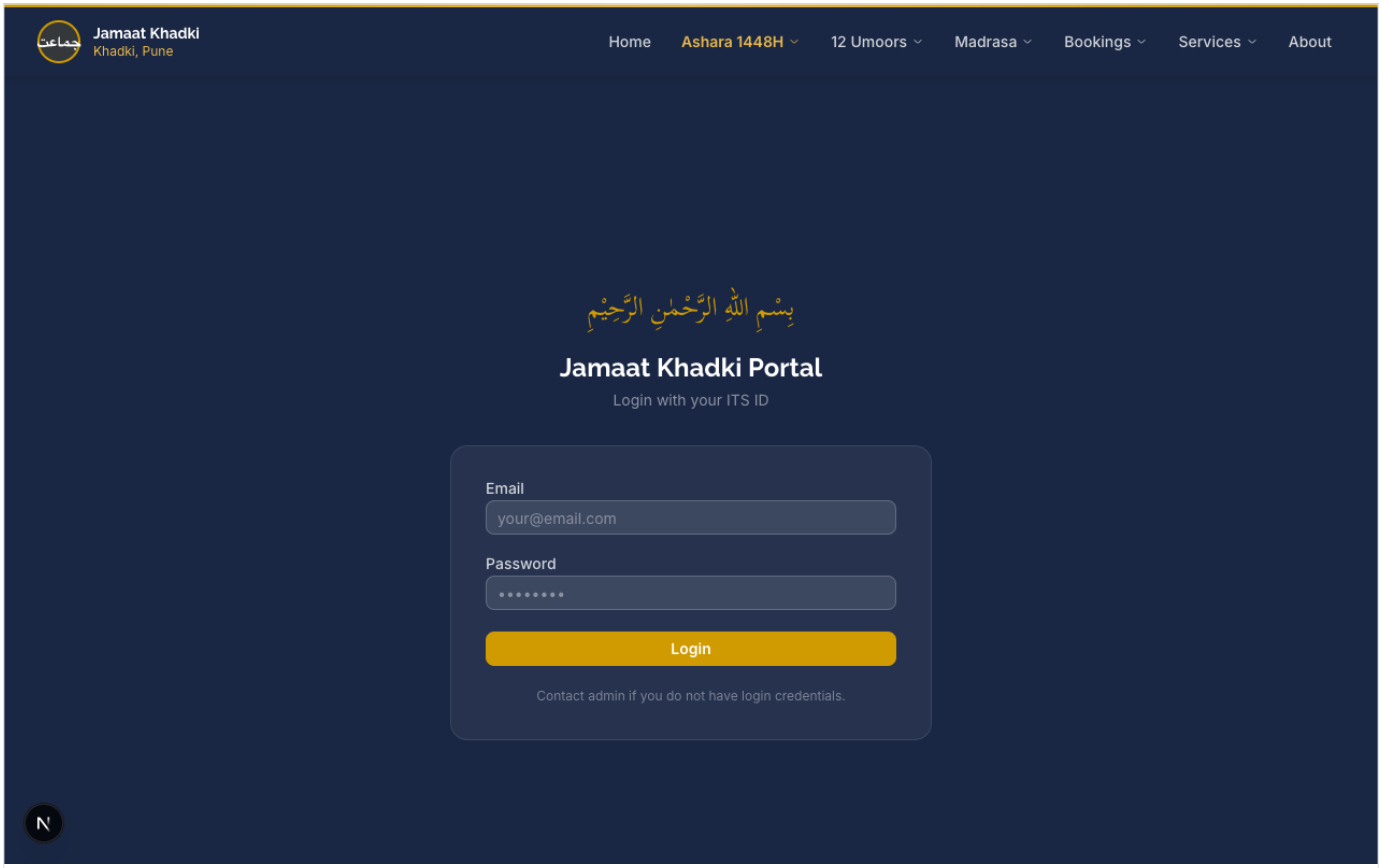
After login, the admin sees the dashboard showing live token counters for each category: Ortho, Examination, Physio, Dental, and Other. The total patient count is shown. The 'Ashara Ohabat Special Medical Camp' menu card links to patient management.



Medical Camp — Patient List & Queue Board

The camp page has two sections: (1) Patient List table showing all registered patients with their assigned token numbers. (2) Live Queue Board with 5 columns — one per category — showing patients in token order. Staff can check off patients as done (strikethrough) directly from this board.



Admin Login


The main admin portal uses ITS ID + password authentication via Supabase Auth. Admins are assigned roles: super_admin, umoor_admin, madrasa_admin, or booking_admin. Each role has access to specific sections only.
